

Daily Business of NCPs supporting SMEs – Exchange on Best Practices

NCP Academy - “SME and innovation issues”,
Regione Molise, November 26th 2015 ,
Marlis Erichsen, NCP SMEs (DASTI)

EU-DK Support

The EU-DK Support network comprises around 40 national, regional and local institutions, which advise Danish clients on participation in EU-programmes.

The EU-DK Support network is coordinated by EuroCenter (DASTI).

Our cooperation with multipliers – assisting SMEs

The screenshot displays the 'EU-DK Support' website. At the top, there is a navigation bar with links for 'Home', 'List of advisors', 'News', 'Links', and 'About EU-DK Support'. The main content area is titled 'EU-DK Support' with the subtitle '- Your entry to the EU'. Below this, a paragraph states: 'EU-DK Support is a shared entry point to EU support in Denmark. It is supported by a strong network of EU advisers across topics, regions and EU programmes.' To the left of the map, there are four filter dropdown menus: 'Target audience' (set to 'All'), 'Topics' (set to 'All'), 'Services' (set to 'All'), and 'EU-programmes' (set to 'All'). Below these filters, it says 'Your search has 35 results.' and there is an orange 'FIND ADVISOR' button. To the right of the filters is a map of Denmark divided into five regions: 'The North Denmark Region' (dark blue), 'Central Denmark Region' (light blue), 'The Capital Region of Denmark' (medium blue), 'Region of Southern Denmark' (dark blue), and 'Region Zealand' (light blue). At the bottom of the page, there are links for 'News' and 'Follow us on Twitter'.

Three questions during the workshop

1. Which services are your favorite? – types of cooperation/networks, web-functionalities, communication activities...
2. How would you like to develop the assistance for SMEs in your country?
2. Could this interact with the activities of an NCP-network? How?
