

**NCP Academy Training:**

# **Legal and Financial Aspects of Marie Skłodowska Curie Actions**

Are you a newly nominated NCP? Are you familiar with the theory, but you would like to get a more practical insight into the legal and financial aspects of MSCA? Our training is tailor-made for you! After a one-day intensive training you will:

- be able to understand the specifics of individual MSCA schemes,
- gain more confidence in answering questions related to financial aspects,
- be able to advise your clients on project reporting,
- learn why the contractual aspects should not be underestimated,
- know what are the FAQ on IPR and Open Access

On top of that, the NCP Academy training provides an excellent opportunity to make new connections with other NCPs and exchange your experience with them.
