# A context: FR NMBP network

NMBP National Thematic Working Group  
(NTWG)

497+ members

A distributed network  
of NCPs

14/05/2020

**Webinars used for the 2 Communities**

# Needs

## Distributed network of NCPs

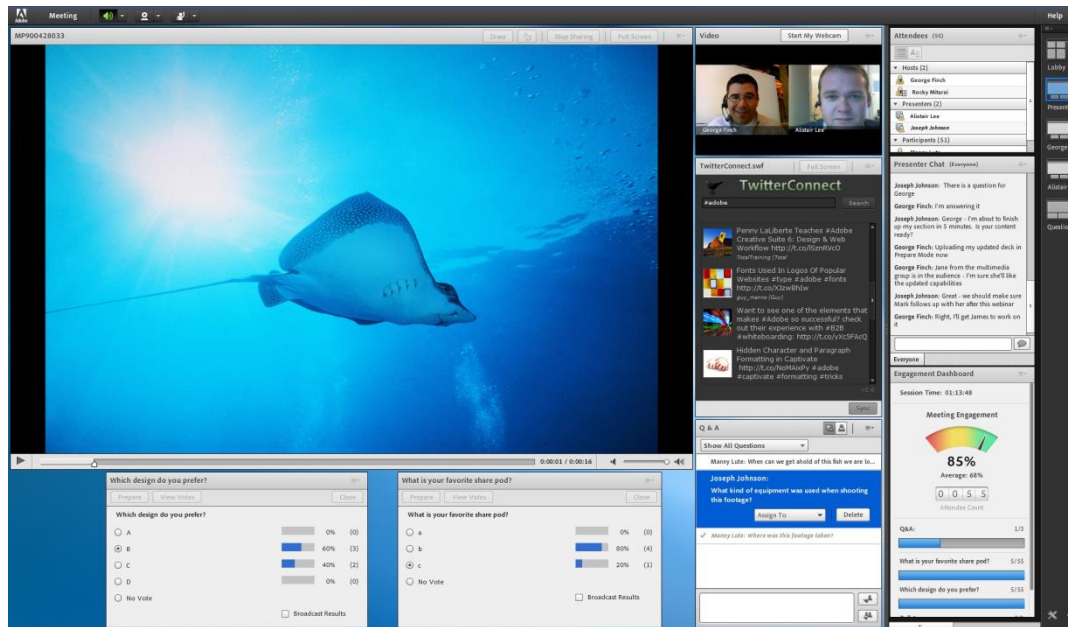

- Regular webinars
- Share of information according to the focus of each NCP
- Coordination wrt. Events
- Cordination wrt. Actors
- Cordination wrt. Support Actions
- Feedback on H2020 EC Actions
- Preparation of the regular NTWG meeting

# Needs

## NMBP National Thematic Working Group (NTWG)

- A meeting each 3 month
- Challenges:
  - NMBP offers a very large scope
  - *'Inhomogeneous interest'* for the whole content
- Participation:
  - Physical participations
  - Remote participations
- Support interaction among participants
- Need for 'Video on Replay'

# 2 solutions available at MENESR

Adobe® Connect™

# Some features

The screenshot shows the Adobe Connect interface with several callouts pointing to specific features:

- Selection of source Audio / Video**: Points to the top toolbar area.
- Status**: Points to the status icons in the top toolbar.
- Webcam**: Points to the video feed area showing a webcam.
- Who is there**: Points to the Participants list on the right.
- Change of Presenter**: Points to the Participants list on the right.
- Chat**: Points to the chat window at the bottom right.
- Whiteboard**: Points to a whiteboard showing "Hi Welcome".
- Sharing of screen(s)**: Points to the "Partager mon écran" button.
- Phone line VOIP**: Points to a speaker icon.
- Layout**: Points to the layout control icons on the right.

The interface includes a top menu with "Réunion", "Affichages", "Modules", and "Service audio". The main area is labeled "Partager". The right sidebar contains "Vidéo", "Participants (1)", "Conversation (Tout le monde)", and "Collabo...". The Participants list shows "Conférenciers actifs", "Hôtes (1)" with "Didier Vanden Abeele", "Présentateurs (0)", and "Participants (0)".

# Return on Experience

- Reliable solutions
- Easy connection
  - Easy integration of participants
    - By email, who has the link, etc
  - Browser
  - Audio Conference
    - VOIP; Service provider (Orange Business Service)
- But
  - Fast internet connection preferable!
  - Mix of Audio source (*Local + Audio Conference*) requires 'experience'

....Thank You

Didier Vanden Abeele
